

FIRST BAPTIST GARLAND

Classroom Protocols for Adult Classes – June 2021

- **Social distancing** should be observed.
- **Masks** are fully optional while on campus.
- **Seating protocols** are the same as for worship services – those living in the same household can sit side-by-side.
- No **food items** can be brought in at this time – either homemade or purchased. Individual beverages can be brought in, including bottled water, sodas, and coffee drinks.
- Church **offering collection** should not be taken in class – encouraging members and guests to give in the worship service, by mail, or online. A permanent drop slot for offerings is located in the wall next to the Welcome Center for added convenience.
- Classes should **start and end on time** to afford sufficient time for transition between Sunday School and worship services.
- Observations and concerns about safety issues, health protocols, and classroom management issues should be passed on to [Doug Powell](#).
